EDMONTON, ALBERTA MONDAY, MARCH 7 1904

NO 56

VLADIVOSTOCK BOMBARDED

Japanese Fleet Make an Attack on Vladivostock from the Sea Inflicting No Damage.

RIVAL WARSHIPS FIGHT A DUEL.

Germany, France and Italy Will Disregard the Japan-Corea Treaty. England's and United States' Attitude Eagerly Awaited. Czar and Czarina almost Demented from Worry and Anxiety. Japs Will Have no Walk Over.

[BULLETIN SPECIAL WAR SERVICE.]

A Naval Duel

London, March 6.—On the strength of a statement made by a missionary the Shanghai correspondent of the daily Chronicle sends in a doubtful report that twenty-five Japanese sailors have landed at Lang Chan saying that their vessel had sunk as the result of an engagement with a Russian warship which also went down. No Russians were saved but two hundred Japanese were rescued by Chinese junks. This action is reported to have occurred between Port Arthur and Muo Luio Islands.

Jap Troops on the Move

Shanghai, March 6.—A large fleet of Japanese transports was sighted yesterday off the Island of Fashima which lies between Nagasaki and Fusan. The transports were conveyed by several warships. Evidently they were proceeding to some part in eastern Corea. This indicates the information of a military advance of which Fissan will be the landing base.

Japan-Corea Treaty

St. Petersburg, March 6.—I am informed that the Japanese-Corea treaty will be disregarded not only by Russia but by Germany, France and Italy. The foreign office here does not believe that either Great Britain or the United States will recognize the treaty.

The Czar Almost Demented

St. Petersburg, March 6.—The Czar and Czarina are reduced to a deplorable state of mind by the war. The Czar is constantly praying with the Rev. Father Cronstadi, the miracle worker. The Czar's conduct is causing great anxiety as it is feared that his mind may give way.

He upbraids the ministers unceasingly, although the present state of affairs is really due to his listening to vile counsel. The Czarina practically remains in her own apartments going from one paroxysm of grief into another.

No Walk Over for Japan

St. Petersburg, March 6.—The Gazette attributes the unfriendliness of the States and Great Britain towards Russia to the fact that they are commercial nations and realize that the war will cost a tremendous lot of money and that Japan will not have the walk over anticipated.

LOCAL

—The temperature at noon today was ten degrees above zero.

—The voting on the street railway agreement will take place on Thursday of this week.

—Rev. Mr. Forbes, of Fort Saskatchewan, occupied the pulpit of the Edmonton Presbyterian church yesterday morning and evening.

—The Lacombe Edmonton series of hockey games which will be played on the rink here Wednesday, Thursday and Friday nights of this week are attracting a great deal of attention. For the first time this winter, Edmonton will have to look to her laurels. A snaking concert will be tendered the Lacombe team on Thursday evening.

—The Bon Accord weather report for February shows the average maximum temperature to be —3 and the average minimum temperature —19.5. The precipitation for the month was 13.50 inches.

—A committee of the Calgary Board of Trade has approached the C. P. R. with the request that a passenger car be attached to the regular northbound freight train which leaves Calgary about 6 o'clock each morning.

—Strathcona bankers defeated Edmonton bankers in Edmonton by a score of 5 to 0 on Saturday afternoon in hockey.

—No Toronto daily papers were received at the Edmonton post office either Friday or Saturday nights. Snow storms causing a blockade in the east is thought to be the cause of the delay.

—C. H. Olin, of Wetsakwin and D. Davidson, of Spring Lake, have been appointed Justices of the Peace. H. F. Grandin, Lac la Biche, J. F. Boyce, Lacombe, and A. D. McKenzie, Penhold, have been appointed commissioners for taking affidavits. Certificates of incorporation have been granted the following companies: Brewster Manufacturing Company; John Sommerville & Sons; Edmonton Brewing and Malting Company.

Angus H. McDonald of Riviere Qui Barre was in Edmonton, on Saturday.

Vladivostock Bombarded.

Vladivostock, March 7.—A fleet of five Japanese battleships and two cruisers appeared off this place at 1.25 o'clock yesterday afternoon and bombarded the town and shore batteries. The fleet approached from the direction of Askold Island at the east entrance of Possick Bay about 32 miles south east of Vladivostock. The enemy formed in line of battle but did not approach closer than 5 miles. They directed their fire against the shore batteries and the town. No damage resulted. The Russian batteries did not reply, awaiting a closer approach of the enemy. The enemy retired in the direction of Askold Island.

Results of the Attack

Simultaneously two torpedo destroyers approached near Askold Island and two more near Cape Madolo. The attack resulted in no loss to the Russians but cost the enemy much ammunition as many of the projectiles were six and a half inch shells. The population of Vladivostock was warned this morning of the presence in the outing of a hostile fleet and of the prospects of an attack during the day but it remained tranquil.

Viceroy Alexieff Reports

St. Petersburg, March 7.—A communication from Viceroy Alexieff to the Czar from Mukden bearing to-day's date says: "I most humbly inform Your Majesty that the commander at the fortress of Vladivostock reports that at 8.50 yesterday morning seven vessels were sighted south of Askold Island. They were seen to be warships making for Askold Island. About noon the enemy's squadron was midway between the coast and Askold Island, making for Ussure Bay. They were out of reach of the shore batteries. At 1.30 the enemy opened fire. Two vessels in the squadron are probably the first-class cruisers Sumo and Yakumo.

Jap Attack a Bluff.

"It appeared the Japanese were afraid to risk their warships to the fire of the batteries and it is considered probable here that the attack was really to call the fire of the Russians to disclose the position and calibre of the guns. If this was the Japanese purpose it failed, as the batteries did not fire a shot and if the squadron was in port it could not be seen from the Japanese position."

Notice.

I the matter of the estate of Colin Ferrie (deceased).
Pursuant to the order of the Honourable Mr. Justice
Hutchinson, dated the 18th day of February, A.D.
1904, notice is hereby given that all creditors and
others having claims against the estate of the said
Colin Ferrie (deceased), who died on or about the
10th day of December, A.D. 1902, are required to
present the same to the undersigned, at the office of
the undersigned, on or before the 15th day of April, A.D. 1904, in order to
be paid, or to deliver to the undersigned, their names, addresses and descriptions
and a full statement of particulars of their claims
and the nature of the security (if any) held by them,
their respective liabilities.
And that after the said last mentioned date the
undersigned will proceed to distribute the assets of the
said estate among the parties entitled thereto,
having regard only to the claims of which they shall
then have notice.
Dated at Edmonton this 15th day of February,
A.D. 1904.

MONDAY, MARCH 7, 1904

THE STREET RAILWAY.

Editor "Bulletin"

Since the night of the public meeting regarding the Street Railway service in which Mr. MacDonald moved a most elaborate and a most absurd resolution to the effect that "our arch enemy" the Canadian Pacific Railway was behind the proposition of Mr. Tretheway, since that night and later, judging from Mr. MacDonald's letter in your issue of the 3rd, he has reconstructed his ideas; We hear no more from him now about the C.P.R. That attempted appeal to the people is worn out. Neither is there any virtue left in the statement that Mr. Tretheway is attempting to tie up the charter for five years. This last objection and it was a strong one, has been met by Mr. Tretheway in agreeing to forfeit everything he gets from the town, if the street cars are not running on our streets by 15 months from the 1st of June next: What then is Mr. MacDonald to do? His stronghold is knocked to pieces. The fine edges of his argument that he used are turned and harmless. Will he back down gracefully and say as so many good citizens have said since the amendments were made "my objections are met." Certainly not! He has undertaken to combat this scheme, and if Mr. Tretheway had made every concession and given every advantage to the town that it is possible to conceive, yet is Mr. MacDonald bound in pride, to fight. Must it be said in the future that he opposed a proposition in which he was retained neither for plaintiff or defendant, and yet he lost? Certainly not! So then he must still fight. The agreement was a strong one in its protection to the town. It had been framed by the town solicitor to withstand attacks, so when Mr. MacDonald goes over the contract word by word he finds it arrow proof, and no cracks offer a target for his criticism. Nothing remains then, but to attack the question on general principles, and this is always an easy manner of attack. One can deal in generalities, one can speak vaguely of future efforts by future capitalists, one can always ask what is the hurry.

Mr. MacDonald then attacks the opposition of Mr. Tretheway on various and general grounds.

His first question is "where is the great need for haste? Is there any good reason why at least three months should not be allowed for calm and careful consideration?" In the name of all that is businesslike, is there any good reason why Mr. Tretheway and his friends who have awaited since August last for the Council and the town to make up their minds with regard to this Street Railway project is there any good reason why they should not be given now a definite answer. It has been the policy of these whose private interests have made it imperative upon them to oppose every other project save their own to ask for delay upon every occasion where this question shows signs of being settled. Delay was their first cry at the public meeting in October. It was the wall at the meeting of the Board of Trade, they repeated it at the Council meeting, when the matter was under discussion. They took it up at the last Public Meeting, and now Mr. MacDonald with that which is the sincerest kind of flattery to the policy of his friends asks for further delay.

The public have had the agreement re them for two weeks. They will have it for another week, and those who are interested may commit it to memory. The public have heard the matter discussed. The Council have spent some seventy hours upon the question, and yet Mr. MacDonald wants more time. His suggestion strikes one as being scarcely a businesslike way of dealing with a businesslike proposal.

Mr. MacDonald's next suggestion—I nearly said insinuation—is as difficult for those who desire British fair play. It is in effect this: We have received now from Mr. Tretheway his best offer—let us see if somebody else will not go a step farther. In other words the citizens, through the council have invited Mr. Tretheway to come up from the east and put before them a proposition—for that is exactly what the council did recently—the town has dickered with him and him down to this and to that.

—and Mr. Tretheway after striv-
—put upon his company restric-
—ions that have never been required
before and finally have got so
much that it could get no more
without forcing the company to
abandon the scheme, altogether.
The town has kept Mr. Tretheway
here month after month in fixing
its side of this bargain and now it
is Mr. MacDonald's suggestion to
say to him: "We have got from
you all that we can get, we will
wait and present your agreement
with other additions to some pos-
sible future applicant." It is ask-
ing for a proposition entering into
all the details, stating that if satis-
factory, the matter will be closed,
and then refusing it because a bet-
ter might in the vague future pre-
sent itself. Surely the fair way
and the business-like way to deal
with the matter is to say, here is
Mr. Tretheway's proposition. Is
it satisfactory—then let us accept
it. Is it unsatisfactory—then let
us refuse it. That is the way
that in our business life we expect
to be treated—and it is the way
that Edmonton has always done in
the past.

Mr. MacDonald states that the
town should have formulated a
contract in the interests of the
town and then have offered it to
various sets of capitalists. That
is in reality precisely what the
council did do and what Mr. Mac-
donald would have understood had
he watched the early stages of the
transaction. They passed some
months ago a resolution to the
effect that this charter in question
be granted to Mr. Tretheway or
any other person who presented
an application if a satisfactory
agreement could be secured. Mr.
Tretheway was the only applicant
who came forward—and a satis-
factory agreement was arrived at.
The council presented an agree-
ment and said to Mr. Tretheway
here is what you must undertake

ing unsuccessfully to get greater
concessions, accepted.

There is one feature in all these
pleas for delay and statements by
Mr. MacDonald as to what the
town should do, which he has en-
tirely forgotten and that is that
future capitalists and especially
local men may so conduct a mu-
nicipals election that a future coun-
cil will be elected that will give
this contract away without con-
sulting the citizens in public meet-
ing assembled at all in the matter.
This particular council although
approving of the contract, has had
the honesty and sense of duty to
appeal to the people for a ratifi-
cation of their act. A future
council, carefully arranged, may
have no such delicacy of feeling
and the citizens are much more
likely to regret the fact that they
did not accept a bargain in which
they were consulted than before
to accept against their will a
worse.

Mr. Tretheway in Mr. Macdon-
ald's own phrase: "Is not the
only pebble on the beach by a
long chalk;" but he is the man
who has made a good offer and a
business like one. He is the man
who has had the courage to make
an offer when in ten years no one
else was forthcoming. He is the
man who is in a position to put up
the necessary capital and go ahead
and accomplish something.

REDUCE FREIGHT RATES

ON LUMBER OVER C. P. R.

Rates on Open Lumber Reduced ten Cents per Hundred Pounds. Rate on Fir Remains the Same.

(Bulletin Special Despatch.)
Vancouver, March 7.—Manitoba and the Northwest is to get a reduction of \$1 per 100 feet on all lumber.

This is the result of a conference between F. W. Peters, representing the C. P. R., and the coast lumbermen. The conference lasted all day and final arrangements were only arrived at after a lengthy discussion.

In return for this Pacific commission, the Canadian Pacific has agreed to reduce freight 10c. per 100 pounds on open lumber except fir. The freight on fir to remain at 5 off 50c. as formerly, which means a reduction of 250 per hundred feet.

The Canadian Pacific Railway further promises to protect the interests of British Columbia mill men against foreign trade.

LUNATICS MAKE A DASH

FOR THEIR LIBERTY

Kingston Asylum Officials Have a hot Time in Subduing a Revolt Among the Inmates.

(Bulletin Special Despatch.)

Kingston, March 7.—Rebellion broke out yesterday in the asylum department of the penitentiary. The plan was to overpower three keepers on duty, secure their uniforms, firearms and keys, and make a dash for liberty out of the western gate. The attempt however was frustrated. It might have been successful had assistance not been at hand when the guards on duty called for help. A hot time was experienced in subduing the rebellious lunatics, and in fact several of them were severely handled. It was one of the most strenuous attempts to gain liberty ever made within the walls.

SPECIAL BARGAINS IN KODAKS

1 3/4 x 4 1/2 in. Kodak, sold at \$17.50 now \$12.

A WARNING TO FISHERMEN.

Norbert Courteazette, of Lac la Poudre, was charged before His Worship Judge Scott on Thursday last of assaulting and obstructing and threatening with a gun fishery guardian Fitzgerald while he was seizing a net set in close season at Lac la Poudre on 31st October last. The charge as to obstruction

By-Law No. 258

A BY-LAW to provide for raising \$60,000.00 to be expended in extension of the electric lighting system of the Municipality. Whereas the Municipal Council of the Town of Edmonton lately established a system of electric lighting for the Municipality, as a Municipal Public Work, under the powers conferred upon the Municipality by the Municipal Ordinance (C.O. 1508, c. 70) the Edmonton Municipal Public Works Ordinance (Ord. 1900 c. 35) and the Ordinance to incorporate the Town of Edmonton (Ord. 1891, c. 30, No. 7 as amended by Ordinance 1900, c. 36).

And whereas the moneys therefore raised in connection with the premises have proved insufficient and it expedient that the Municipal Council should have authority to raise, for the purpose of extending the operation of the said system of electric lighting, an additional sum not exceeding \$60,000.00.

And whereas it is expedient that the amount to be borrowed for the purpose aforesaid, if such authority is accorded should be payable during the period of twenty years from the date of delivery to be issued therefor, and should bear interest at a rate not exceeding four and one-half per cent per annum, and either (1) that the same should be repaid in such manner that each instalment of principal and interest shall be equal in each year of the said period of twenty years; or (2) that the principal shall be repayable at the end of twenty years from the said date (provision to be made for the non-payment thereof by the creation of an annual sinking fund) and the interest annually.

And whereas the total amount of the general debt of the Municipality, exclusive of local improvements, does not exceed the sum of \$1,000,000.00, and the sum of \$60,000.00, and to issue one or more debentures of the Municipality for such sum or sums as may be required.

And whereas it is expedient that this By-Law should take effect on the 1st day of May next.

Now, therefore, the Municipal Council of the Town of Edmonton duly assembled, enacts as follows:

(1) The Mayor and Secretary-Treasurer of the Town of Edmonton are hereby authorized and empowered to borrow on behalf of the Municipality the sum or sums of money not exceeding in the aggregate the sum of \$60,000.00, and to issue one or more debentures of the Municipality for such sum or sums as may be required.

(2) The said debentures shall be paid during a period of twenty years from the date of the issue of each debenture or debentures, and shall bear interest at a rate not exceeding four and one-half per cent per annum, and shall be repaid either (1) in such manner that each instalment of principal and interest shall be equal in each year of the said period of twenty years; or (2) in such manner that the principal shall be paid at the end of the said period of twenty years (provision to be made for the non-payment thereof by the creation of an annual sinking fund) and the interest annually.

(3) During the currency of the said debentures there shall be raised annually a special general rate on all the rateable property in the Municipality, at the same time and in the same manner as the ordinary general municipal tax, a sum sufficient to meet the amount of the annual interest of principal and interest on the said debentures, and the said rate may be payable in such year in respect of the said rateable property as shall not be met by the revenue derived from the said system of electric lighting.

(4) The By-Law shall take effect on the 1st day of May next.

(5) The votes of the electors for and against the By-Law shall be taken at the Council Chamber of the Town of Edmonton on Wednesday the 30th day of March, A.D. 1904, between the hours of 8 am and 9 pm.

(6) George Edmunds Kincaid is hereby appointed Returning Officer, and Benjamin Collins returning officer, in connection with the election of the Mayor and Council of the Town of Edmonton on the 30th day of March, A.D. 1904.

(7) The said Council Chamber at the hour of 8 pm of the said 30th day of March, A.D. 1904 is hereby fixed as the place and time where and when the Returning Officer shall give the result of the election to the electors for and against this By-Law.

Passed and carried by the Council at Edmonton this 4th day of March, A.D. 1904.

WM. SHORT, Mayor.
GEO. J. KINCAID, Sec. Treas.

Public notice is hereby given that the foregoing is a true copy of a proposed By-Law which will be taken into consideration by the Municipal Council of the Town of Edmonton after being read on by the Mayor and Council of the Town of Edmonton on the 30th day of March, A.D. 1904, between the hours of 8 am and 9 pm.

GEO. J. KINCAID, Secretary-Treasurer.

WARNING TO FISHERMEN.

(Continued.)

etc. was proven, but the prisoner was discharged on a technical point raised by the Judge, viz: That the Crown had not shown by evidence that there was white fish in the lake. The Judge in discharging the prisoner said to him: "Do you know if there are white fish in that lake or not?" and the prisoner replied: "Only a few, not enough to make a living by." Then, said the Judge: "If you or anyone else are ever brought up before me and proven guilty of a similar offence, committed at Lac la Poudre, or of obstructing a fishery officer in the discharge of his duty, I will give you one year's imprisonment."
